

Probielle®

Immune

Nutritional supplement with vitamins A, B₆, B₁₂, C, folic acid, zinc and selenium as well as two bacterial strains naturally occurring in the human intestines.

Die Vitamine A, B₆, B₁₂, C, folic acid, zinc and selenium support a healthy immune system!

Product information

Dear customer,

thank you very much for choosing Probielle.

Probielle Immune is a high-quality nutritional supplement containing vitamins A, B₆, B₁₂, C and folic acid as well as minerals zinc and selenium.

In addition, it contains the following 2 bacterial strains with 1.2 billion select gastric juice-resistant lactic acid bacteria in each capsule: *Lactobacillus plantarum* CECT 7315 and *Lactobacillus plantarum* CECT 7316.

A functioning immune system is essential to our health. An intact defence is a complex systems depending on a sufficient supply with vitamins and trace elements. The immune system is spread across the entire organism. It can be supported with the intake of select micronutrients.

Folic acid (vitamin B₉), vitamins B₆, B₁₂, A and C and the trace elements zinc and selenium in Probielle Immune contribute to normal function of the immune system.

In addition, vitamin B₆ and B₁₂ as well as vitamin C support a normal **energy metabolism** and, same as folic acid, contribute towards reducing **tiredness and fatigue**. Furthermore, the antioxidants vitamin C, zinc and selenium play a part in protecting cells against oxidative stress.

How to take Probielle Immune

The recommendation is to take 1 capsule per day with liquid, preferably with a main meal.

Notes:

Free from artificial colourants, lactose and glucose

Nutritional supplements are no substitute for a balanced, varied diet and a healthy lifestyle. Do not exceed the recommended daily dose. Keep out of the reach and sight of small children. Store in the original package in a cool place (below 25 °C) protected from light. The stated best-before date applies to a correctly stored product.

What Probielle Immune contains

Each capsule contains at least 50% of the daily reference value of the above-mentioned five vitamins and two minerals supporting the immune system.

Composition	per capsule	% NRV*
Vitamin C	40 mg	50
Zinc	5,0 mg	50
Vitamin B6	0,70 mg	50
Vitamin A	400 µg RE	50
Folic acid (vitamin B9)	100 µg	50
Vitamin B12	1,3 µg	52
Selenium	30 µg	55
Bacterial strains (<i>Lactobacillus plantarum</i> CECT 7315, <i>Lactobacillus plantarum</i> CECT 7316)	1,2 · 10 ⁹ CFU**	***

*NRV = nutrient reference value for daily intake in accordance with the Food Information Regulation

**CFU = colony-forming units

***no reference value available

Ingredients:

Maltodextrin; hydroxypropyl methylcellulose, *Lactobacillus plantarum* CECT 7315; *Lactobacillus plantarum* CECT 7316; L-ascorbic acid (vitamin C); zinc sulphate; Separator: talcum, silicon dioxide; retinyl acetate (vitamin A); Colourant: titanium dioxide; pyridoxine hydrochloride (vitamin B₆), pteroylmonoglutamic acid (folic acid); sodium selenite; cyanocobalamin (vitamin B₁₂).

Available package sizes::

CPN 14186468 –
30 capsules (= 30 daily doses)
CPN 14186451 –
90 capsules (= 90 daily doses)

Date of last revision: April 2018

Only available from pharmacies!
